### Mr. Taft.

to the recent proceedings of the New York bosslets and their collision with the General Boss throws no new light on if it furnishes some new details about those too well known characters. It is welcome, however, as the expression of a frank, manly and honorable man, watching uneasily and with disrelish the mean and underhand devices of cellarage politicians and false friends.

It is a matter of natural but unavailing regret that the loyalty and straight- which the Secretary of State said: forwardness of the President have not response and return in kind. There is a sort of "friendship" which, like humor, trasts and opposites.

As the American people see Will-IAM H. TAFT striving manfully and wearily in the face of malicious misrepresentations, of howling self-seekers cloaking their ambitions under specious public pretence, of selfish factions and a condition of anarchy." He thus out- the day is lost and all the fat will be in men and gypsies. "There are some 1,000 of Joab friendships, as the American lined the policy of the United States: the fire? people see Mr. TAFT so striving and so and no object but to do his duty competently, without flourish, swagger or intrigue.

## American and German Cities.

in population and wealth of the large cities of the United States finds very general expression as the returns of for which, however, the Constitution is so high that the total loss in forest
